**Sterigenics Statement Regarding Post-Trial Relief and Appellate Process in Kamuda Trial**

On December 19, 2022, the trial judge in the Susan Kamuda case denied the defendants' requests for post-trial relief. Sotera Health LLC and Sterigenics U.S., LLC intend to appeal to the Appellate Court of Illinois, First Judicial District. The Notice of Appeal will be filed by January 18, 2023. The trial judge has extended to February 8, 2023, the deadline for providing an appellate bond or other form of security. In anticipation of posting the bond or other security required to proceed with their appeal, the defendants have also requested a continuation of the stay on activities by plaintiff to enforce the judgment until defendants post a bond or other form of security. A hearing on this request is set for December 23, 2022.
